Infortrend®

Expansion Enclosure / JBOD
Versatile capacity expansion and convenient storage scalability

Infortrend EonStor GS/GSe and EonStor DS systems offer easy scalability on demand, allowing you to increase storage capacity when needed. The JB 3000 series of expansion enclosures (JBODs) are available in multiple form factors, from 2U 12-bay to 4U 60-bay. Their flexibility means they are an excellent choice for diverse environments, budgets, and capacity needs. JB 3000 models deliver extra high speed connectivity to storage systems via 12Gb/s SAS, and all enclosures feature hybrid 2.5"/3.5" drive bays for SSD readiness.

JB 3000 models are offered in single or high availability dual controller configurations and ship with redundant 80 PLUS power supplies by default. For additional energy savings, they employ smart drive spin-down while maintenance is easy with modular hardware. Assured Infortrend reliability is backed by a 3-year warranty.

Product Series	JB 3012	JB 3012A

Form factor — 4U-60Bay	JB 3060**R/G**	JB 3060**RL/GL**
	Note: **R**: Redundant controller **G**: Non upgradable single controller **L**: One drawer	
Host connectivity (per controller)	3 x 12G SAS 4x wide port	
Drive connectivity	12Gb/s SAS	
Power supplies	Two redundant 1600W	Two redundant 1200W

WARRANTY AND SERVICE

	Standard Service	3-year limited hardware warranty and 8x5 phone, web, and email support (batteries are covered under warranty for 2 years)
Service and Support	Upgrade or Extension Options	Warranty extension: Can extended standard service up to 5 years The following Service can be upgraded to 5 years • Upgrade: Replacement part dispatch on the next business day • Advanced service: 24x7 phone, web, and email support + onsite diagnostics on the next business day • Premium service: 24x7 phone, web, and email support + onsite diagnostics in 4 hours
		Note: Options may vary by region. For more details, please contact our sales representatives.
	Technical Support	Get information on system installation and maintenance, download technical documents and software, or issue a support ticket
	Product Services	Register products, download firmware, apply for licensing services, create product repair tickets, or check product repair status

1. All expansion enclosures are shipped with Standard Service.   2. Options may vary by region.

* All JBOD 3000 series comply with safety regulations of UL, BSMI, CB, EAC; and electromagnetic compatability of CE, BSMI, FCC, KC
* All design and specification declared are subject to change without notice in advance. All rights reserved. Please refer to Infortrend website for further information or localization updates.
